1.2.2 Recent Contracts Awarded

With the implementation of an AFC system, not only can passengers commute conveniently and access discounted fares easily, but also the public transport authorities can analyse passenger mobility patterns and offer secure, integrated transport through cashless fare payments. During 2019, over xxx fare system contracts, worth over xxx, were awarded in the region.

Recent contracts awarded

Country	City	Contractor	Award date	Value (USD million)	Scope
India	XXX	XXX	XXX	XXX	XXX
	XXX	XXX	XXX	XXX	XXX

1.3.2 Growth in AFC Market Size (by sub-segment) 2018-25

AFC market size 2018
USD2.14 billion

AFC market size 2025
USDXXX billion

Market size for the year 2025 by sub-segment (USD million)

1.3.3 Future Outlook and Market Opportunities

Outlook of fare media

	Asia Pacific
Paper tickets/ magnetic stripe tickets/ metal tokens/ contact-based smartcards	Grey
RFID tokens	Grey
Contactless smartcards	Grey
Bank cards	Light Green
Mobile ticketing	Grey
NFC-based digital wallets	Grey
NFC-enabled devices as fare media	Grey

High potential market

Average potential market

Low/No potential market

XXX will continue to remain the most preferred fare media in the region despite introduction of advanced fare media such as mobile ticketing and contactless bank cards.

1.3.3 Future Outlook and Market Opportunities

AFC investment in upcoming rail projects (USD million)

The market for deployment of advanced fare media is driven by upcoming urban rail projects. Cities developing new urban rail systems typically deploy off-the-shelf advanced fare media directly instead of first deploying traditional media and then transitioning towards advanced media.

Global Mass Transit Research estimates that the upcoming XXX urban rail projects across the region an opportunity of nearly USDXXX billion for the fare systems industry by 2030 (as part of new systems/lines that are coming up).

Key takeaways

- XXXXX

2.1.6 Mobile Ticketing

Of the xxx cities covered in this report, xxx cities have deployed mobile ticketing for fare payment.

No. of cities deploying mobile ticketing

2.3.1 Asia Pacific: Opportunities

Cities with plans for fare media procurement	
Opportunities	No. of cities
Paper tickets/magnetic stripe tickets/metal tokens/contact-based smartcards	XXX
RFID tokens	XXX
Contactless smartcards	XXX
Bank cards	XXX
Mobile ticketing	XXX
NFC-based digital wallets	XXX
NFC-enabled devices	XXX

Plans to integrate public transport ticketing

XXX cities and XXX regions in Europe plan on integrating their public transport ticketing in the future.
