## PART 1 ANALYSIS OF GLOBAL RAIL PROJECTS

<b>1.1</b>	<b>Overview</b>	<b>8</b>	<b>1.6</b>	<b>Analysis of projects by cost</b>	
1.2.1	Introduction	11	1.6.1	Introduction	44
1.2.2	Projects in North America	12	1.6.2	Projects with costs less than USD500 million	45
1.2.3	Projects in Latin America	14	1.6.3	Projects with costs between USD500 million and USD1 billion	46
1.2.4	Projects in Asia Pacific	16	1.6.4	Projects with costs between USD1 billion and USD2 billion	47
1.2.5	Projects in Europe	18	1.6.5	Projects with costs over USD2 billion	48
1.2.6	Projects in Middle East	20	<b>1.7</b>	<b>Analysis of fare systems</b>	
1.2.7	Projects in Africa	22	1.7.1	New technologies	50
<b>1.3</b>	<b>Analysis of projects by status</b>		1.7.2	Key contracts awarded	51
1.3.1	Introduction	25	1.7.3	Upcoming tenders and opportunities	53
1.3.2	Projects under planning	26	1.7.4	Key players	54
1.3.3	Projects under procurement	27	<b>1.8</b>	<b>Analysis of rolling stock</b>	
1.3.4	Projects under construction/pre construction	28	1.8.1	Key contracts awarded	58
1.3.5	Projects under modernisation	29	1.8.2	Upcoming tenders and opportunities	63
<b>1.4</b>	<b>Analysis of projects by alignment</b>		1.8.3	Key players	64
1.4.1	Introduction	31	<b>1.9</b>	<b>Analysis of signaling and communications technology</b>	
1.4.2	Elevated rail projects	32	1.9.1	Key contracts awarded	67
1.4.3	Underground rail projects	34	1.9.2	Upcoming tenders and opportunities	71
1.4.4	At-grade rail projects	36	1.9.3	Key players	72
<b>1.5</b>	<b>Analysis of projects by expected completion</b>		<b>1.10</b>	<b>Analysis of projects by type of developer</b>	
1.5.1	Introduction	39	1.10.1	Projects being developed by private developers, PPPs	74
1.5.2	Projects expected to be completed by 2026	40	1.10.2	Projects being developed by government	77
1.5.3	Projects expected to be completed between 2027 and 2031	41	1.10.3	Analysis of projects by type of funding	80
1.5.4	Projects expected to be completed beyond 2031	42	<b>1.11</b>	<b>Planned investment in urban rail projects</b>	
			1.11.1	Summary	86
			1.11.2	Expected investment in new build projects	87
			1.11.3	Expected investment in network expansion and modernisation	88

# Table of Contents

---

1.11.4	Expected investment in rolling stock	89
1.11.5	Expected investment in STT systems	90
1.11.6	Expected investment in fare systems	91
<b>1.12</b>	<b>Emerging opportunities and prospects</b>	
1.12.1	Opportunities for private operators	93
1.12.2	Opportunities for rolling stock suppliers	94
1.12.3	Opportunities for railway system suppliers	96
1.12.4	Opportunities for consultants	97
1.12.5	Open tenders	98
<b>1.13</b>	<b>Trends in funding and finance</b>	
1.13.1	Key financing trends	100
1.13.2	Role of national, regional and state level governments	101
1.13.3	Role of multilateral agencies	102
1.13.4	Innovative funding options	103
<b>1.14</b>	<b>Impact of COVID-19 on upcoming projects</b>	
1.14.1	Impact on project completion	105
1.14.2	Impact on project cost	106
1.14.3	Impact on project funding	107
1.14.4	Government policies and plans	108
1.14.5	New technologies	109
<b>1.15</b>	<b>Growth drivers</b>	<b>111</b>
<b>1.16</b>	<b>Key high investment projects</b>	<b>113</b>
<b>1.17</b>	<b>Recent developments</b>	
1.17.1	Recent projects announced	115
1.17.2	Recent fundings	116
1.17.3	Recent contracts awarded	118
1.17.4	Other developments	127
<b>1.18</b>	<b>Risks and challenges</b>	<b>134</b>
