PART 1: HIGH SPEED RAIL PROJECTS OPPORTUNITIES AND INVESTMENTS

1.1 Market Overview and Growth Dynamics

- 1.1.1 Executive summary
- 1.1.2 Growth drivers
- 1.1.3 Key trends in high-speed railway projects
- 1.1.4 Recent developments (projects announced, funding, contracts, others)
- 1.1.5 Planned investments
- 1.1.6 Key high investment projects
- 1.1.7 Key financing trends
- 1.1.8 Market opportunities
- 1.1.9 Risks and challenges
- 1.1.10 The way forward

1.2 Analysis of projects by region

- 1.2.1 Projects in North America
- 1.2.2 Projects in Latin America
- 1.2.3 Projects in Asia Pacific
- 1.2.4 Projects in Europe
- 1.2.5 Projects in Middle East
- 1.2.6 Projects in Africa

1.3 Analysis of projects by status

- 1.3.1 Projects under planning/announced
- 1.3.2 Projects under study/design
- 1.3.3 Projects under procurement
- 1.3.4 Projects under construction
- 1.3.5 Projects with an operation contract awarded

1.4 Analysis of projects by expected completion

- 1.4.1 Projects to be completed by 2028
- 1.4.2 Projects to be completed by 2030
- 1.4.3 Projects to be completed by 2035
- 1.4.4 Projects to be completed beyond 2035

1.5 Analysis of projects by cost and funding

- 1.5.1 Funding mechanisms
- 1.5.2 Projects with cost between USD5 billion and USD10 billion
- 1.5.3 Projects with cost USD10 billion and USD15 billion
- 1.5.4 Projects with cost USD15 billion and USD20 billion
- 1.5.5 Projects with cost above USD20 billion

1.6 Analysis of fare system for HSR projects

- 1.6.1 Closed-loop payments
- 1.6.2 Open-loop payments
- 1.6.3 Mobile ticketing
- 1.6.4 Digital wallets
- 1.6.5 Biometric and facial recognition
- 1.6.6 Fare integration with transit modes

1.7 Analysis of rolling stock for HSR projects

- 1.7.1 By technology - EMS and EDS Maglev, Hyperloop, Wheel-on-rail, Tilting trains
- 1.7.2 By propulsion type - Diesel, Electric, Dual Power
- 1.7.3 By manufacturers and their market share
- 1.7.3 By speed

1.8 Operation of HSR train services

- 1.8.1 Key global operators and their market share
- 1.8.2 Type of operating contracts

1.9 Planned investment and market opportunities

- 1.9.1 Expected investment in new build projects
- 1.9.2 Expected investment in network expansion
- 1.9.3 Expected investment in rolling stock
- 1.9.4 Expected investment in signalling and telecom systems
- 1.9.5 Expected investment in fare systems
